

## St. Stephen School Middle School Community Service Log 2023-2024

In Middle School, students are required to earn a certain amount of community service hours based on their grade level. The service hours form is divided into three categories: Service to Church, Service to School, and Service to Community/Other. There are no time constraints or requirements in these categories, but there must be a record of service in each category. Students that earn above the required hours of community service will receive a service award from the Campus Ministry Department at the end of the school year. Service awards are given on two different levels. Service hours papers must be turned in by the published due date in order to be recognized for service awards. Service hours earned after May 5, 2023 count toward the 2023-2024 school year. Service hours earned after May 3, 2024 count toward the 2024-2025 school year. Students who do not turn in their service forms by the due date will receive an automatic after school detention.
