

Summer Reading 2024 for Rising 6th Graders!

This summer you are required to read **2** books.

You will read a **fiction** book chosen by your teacher and a **nonfiction** book of your choice.

Rising sixth graders will read Fish in a Tree by Lynda Mullaly Hunt.

When we return to school, we will be discussing the assigned fiction book. Be prepared for our discussion by reviewing the following questions. You may want to take notes to better engage in your reading and in our follow-up discussion in class. These are your books. You may annotate the text (write in the margins) or use sticky notes to record your thinking.

1. Be able to summarize the text in three to five sentences.
2. What would you change in this book if you had written it?
3. Share a favorite quote from the book. Why did this quote stand out to you?
4. Which character in the book would you most like to meet? Give at least two reasons.

For the nonfiction book, choose a book that coordinates with topics from our sixth grade science or social studies curriculum. List 10 interesting facts about your subject. Note the page number next to your facts.

When choosing your nonfiction book, look for a book that is interesting to you and appropriate to your reading level. You may check a reliable website like Scholastic to see the grade/age reading level. If the pages look similar to your social studies or science books, it may be a good fit.
